Warranties may be available on certain products as indicated in the product description and are valid from the date of purchase. The warranty is invalid in the case of improper use, installation in an unsuitable working environment, tampering or removal of the Quality Control date label. In the event of product failure during the warranty period it will be replaced free of charge, subject to the correct installation of the original product and subsequent return of the faulty unit. SWITCH LITE does not accept responsibility for any installation costs associated with the replacement of this product and reserves the right to alter specifications without prior notice.

Driver DALI +1-10V™

DALI/DALI PUSH DIM + 1-10V DRIVER MAX 40W FOR SLIMFIT CS

Features	
Input Voltage	200 - 240 VAC/VDC
Output Voltage	3 - 84 VDC
Output Current	250 - 700mA
Electrical Protection Class	Class II
Dimming	DALI-2 / PUSH DIM + (0)1-10V
Operating Temperature	-20°C / 45°C
Case Temperature	75°C
Input THD	<10%
